CASE FILE — THE MISSING DECADE

Somewhere in your future, a decade is *missing.*

*This is the plan to take it back — in eighteen
instruments and one draw of blood.*

— THE LONGEVITY
GIFT

₹2,33,800 · 18 INSTRUMENTS · ONE
TARGET

THE CONFESSION

It wasn't stolen. It was surrendered
— one skipped test, one bad night's
sleep, one *'later'* at a time.

10

YEARS · GONE QUIETLY

The average *sufferingspan* —
the gap between how long we live
and how long we live well.

WHO · GLOBAL HEALTHY-LIFE-EXPECTANCY
GAP

Tonight, yours starts
shrinking.

Four words that decide how your story *ends*.

Lifespan

The years you're *given*. A number on a certificate — not a biography.

Healthspan

The years you *build* — strong, mobile, sharp, disease-free. What gets measured gets mended.

Joyspan

The years you *design* — the ones you'd volunteer to relive. Joy is not the reward for health. It is the reason for it.

Sufferingspan

The years *surrendered* to decline, disease and dependence. Not a stage of life — a failure of design. This is the one we hunt.

“Healthspan added years to life. AIWO adds life — and joy — to years, and hunts the suffering out of both.”

Five chapters. *One operation.*

TOTAL VALUE

₹2,33,800

01

TEST

Find the thief

Your baseline, written in your own blood. The AIWO 100 reads a hundred markers; VO2 Max grades the engine; DEXA maps the chassis. This is where your sufferingspan gets found — before it finds you.

₹20,500

AIWO 100 · VO2 MAX · DEXA · POSTURE ASSESSMENT

02

DESIGN

Draw the plan

Longevity is not advice — it's engineering. One operating manual built from your diagnostics and your psychology. Over half this bag's value sits in this single document.

₹1,20,000

LONGEVITY DESIGN PLAN · NEO ASSESSMENT

03

TREAT

Assemble the crew

A physician for the body, a dietician for the plate, a psychologist for the mind that has to live those extra years — and enjoy them. Three specialists, one target.

₹9,000

DOCTOR · DIETICIAN · PSYCHOLOGIST

04

HEAL

Run it daily

The plan moves into your kitchen, your bedroom, your breath. Supplements from your results — not a shelf. Two kits, two pillows: the second is for someone whose joyspan matters to you.

₹45,800

SUPPLEMENTS · BREATHING x2 · PILLOWS x2 · PANTRY

05

RETEST

Prove it

Three month later, the AIWO 100 runs again — the after to your before. Progress at AIWO is never presumed. It is measured, in the same blood, by the same hundred markers.

₹10,000

AIWO 100 — SECOND PANEL

THE KEEPSAKES · Marant bag, Silai statue, Fairmont chocolate — because joyspan is the point.

₹28,500

68% of the value is clinical — no other bag in India can print this sentence.
